1. Entailment, implicature, presupposition
2. Referentiality and anaphora
3. Ambiguity
4. Deixis
5. Synonymy
6. Contradiction
7. Anomaly
8. Sets and set notation
9. Intensionality and extensionality
10. Set operations
11. Relations
12. Functions

Summary: pages 53-112
1. Denotation
2. Semantic categories and states of affairs
3. Sinn/signifié vs. Bedeutung/signification
4. Tarskian truth value
5. Compositional meaning, recursion
6. Mapping syntax → semantics
7. Disjunction: exclusive vs. inclusive
8. Functions
9. Propositional proofs
10. Relations and type specification
11. Functional application

Summary: pages 113-193
1. Quantifiers
2. Predicates
3. Predicate calculus
4. C-command
5. Variable assignment
6. Models
7. Scope, free/bound variables
8. DS, SS and LF
9. Adjunction and Quantifier raising (QR)
10. Donkey sentences
11. Coreference

Summary: pages 195-255
1. Convention, context, common ground
2. Locution, illocution, perlocution
3. Performatives
4. Conditions: propositional content, preparatory, sincerity, essential
5. Variable assignment
6. Gricean maxims
7. Flouting
8. DS, SS and LF
9. Adjunction and Quantifier raising (QR)
10. Donkey sentences
11. Coreference

Summary: pages 257-328
1. Possible worlds, instants
2. World-time pairs
3. Intensional logic
4. Compound operators
5. Tense and Reichenbach's model
6. Modality: epistemic, deontic
7. Complementation
8. Ambiguity: de dicto / de re
9. Belief

Summary: pages 329-389
1. Indexicals
2. Intensional mappings
3. Presupposition
4. Accommodation
5. Projection
6. Dynamic semantics
7. Defeasibility

Summary: pages 391-429
1. The lambda operator
2. Lambda conversion (reduction, abstraction)
3. Conjunction and disjunction
4. Relativization
5. VP anaphora

Summary: pages 431-500
1. Verbal lexical semantics
2. Lexical decomposition
3. Meaning postulates
4. Adjectives: intersective, subsective, nonpredicative
5. VP adverbials
6. Theta-roles
7. Aspect
8. Probability and fuzzy logic

Summary: pages 501-528
1. Generalized quantifiers
2. Generalized conjunction
3. Negative polarity items
4. Conservativity
