

# Deryle W. Lonsdale

Associate Professor

Campus phone: (801) 422-4067

Campus address: 4039 JFSB, BYU, Provo, UT 84602

E-mail address: lonz@byu.edu

Fax: (801) 422-0474

## Professional and academic background

- Associate Professor, Department of Linguistics, Brigham Young University (September 2005-present).
  - Other BYU affiliations: Native American Studies Program, Computers and the Humanities Program, Center for Language Studies
  - Tenure granted September 2005.
- Assistant Professor, Department of Linguistics, Brigham Young University (January 1998-August 2005).
- Ph.D. in Computational Linguistics, Carnegie Mellon University (1997).
  - Dissertation: An Architectural Account of Simultaneous Interpretation.
- M.S. in Computational Linguistics, Carnegie Mellon University (1992).
- Employment as senior computational linguist, project leader and project manager, Alpnet Inc., Ottawa, Canada and Provo, Utah (1981-1990).
- Bilingual B.Sc., Faculté Saint-Jean, University of Alberta (1981).
- French language conversation teacher, Continuing Education night school, Edmonton City Parks and Recreation, Edmonton, AB, Canada. (Summer 1980).

## Publications (peer-reviewed)

- Books
  1. Deryle Lonsdale and Yvon Le Bras (2009). *A Frequency Dictionary of French: Core Vocabulary for Learners*. London: Routledge Dictionary Series. ISBN 978-0415775311.
  2. Royal Skousen, Deryle Lonsdale and Dilworth B. Parkinson (Editors). (2002) *Analogical Modeling: An exemplar-based approach to language*, Vol. 10 of *Human Cognitive Processing Series*. John Benjamins Publishing Company, Amsterdam.
- Book chapters
  1. Jon Dehdari and Deryle Lonsdale (2008). A link grammar parser for Persian. In: S. Karimi, V. Samiiian, and D. Stilo (Eds.), *Aspects of Iranian Linguistics*, pp. 19-34; Newcastle upon Tyne, UK: Cambridge Scholars Publishing. ISBN 9781847186393.
  2. Deryle Lonsdale, Matthew P. Spackman, and Bruce L. Brown (2008). A rationale for exploring vocal pleasantness; In: Krzysztof Izdebski (Ed.) *Emotions in the Human Voice: Volume I, Foundations*, pp. 31-41; San Diego: Plural Publishing. ISBN 978-1-59756-073-3.
  3. Anton Rytting and Deryle Lonsdale (2006). An Operator-based Account of Semantic Processing; In Alessandro Lenci, Simonetta Montemagni, and Vito Pirrelli (Eds.), *Acquisition and Representation of Word Meaning: Theoretical and Computational Perspectives*, Vol. XXII-XXIII in series *Linguistica Computazionale*, pp. 117-137, Pisa/Roma: Istituti Editoriali e Poligrafici Internazionali. ISBN 88-8147-413-1.
  4. Deryle Lonsdale, C. Ray Graham, and Rebecca Madsen (2005). Learner Centered Language Programs: Integrating Disparate Resources for Task-based Interaction; In Panayiotis Zaphiris and Giorgos Zacharis (Eds.), *User Centered Computer Aided Language Learning*; pp. 116-132; Hershey, PA: Information Science Publishing. ISBN 1-54190-750-8.
  5. Deryle Lonsdale (2002). Data Files for Analogical Modeling; In Skousen, Lonsdale, and

Parkinson (Eds.), *Analogical Modeling: An exemplar-based approach to language*, Vol. 10 of *Human Cognitive Processing Series*, pp. 349-363; Amsterdam: John Benjamins Publishing Company. ISBN 1-58811-302-7.

6. Deryle Lonsdale (1994). Extraction d'un vocabulaire bilingue: outils et méthodes; *TA-TAO: Recherches de Pointe et Applications Immédiates* (editors: A. Clas and P. Bouillon), pp. 241-253; AUPELF/UREF-FMA. ISBN 2-909611-09-4.

#### International

1. A Conceptual-Model-Based Computational Alembic for a Web of Knowledge; 27th International Conference on Conceptual Modeling (ER 2008); Barcelona, Spain, October 2008. [co-authors: David W. Embley, Stephen W. Liddle, George Nagy, Yuri Tijerino, Robert Clawson, Jordan Crabtree, Yihong Ding, Piyushee Jha, Zonghui Lian, Stephen Lynn, Raghav K. Padmanabhan, Jeff Peters, Cui Tao, Robby Watts, Charla Woodbury, Andrew Zitzelberger].
2. Using Cognitive Semantics to Integrate Perception and Motion in a Behavior-based Robot; European Centre for Secure Information and Systems Symposium on Adaptive Behavior in Robotic Systems (IEEE-Lab-RS 2008); Edinburgh, Scotland, August 2008. [co-authors: D. Paul Benjamin, Damian Lyons, and Siddharth Patel].
3. Christian Prayers in Lushootseed; 43rd International Conference on Salish and Neighbouring Languages; Capilano University, North Vancouver, BC, Canada, July 2008 [co-author: Dawn Bates].
4. A frequency-based learner's dictionary of French; 35th Conference of the Linguistic Association of Canada and the United States (LACUS 2008), Université de Laval, Québec, QC, Canada, June 2008. [co-authors: Yvon Le Bras, Amy Berglund, Fritz Abélard]
5. Elicited Imitation as an Oral Proficiency Measure with ASR Scoring; Sixth International Conference on Language Resources and Evaluation (LREC 2008), Palais des congrès Mansour Eddahbi, Marrakech, Morocco, May 2008. [co-authors: C. Ray Graham, Casey Kennington, Aaron Johnson, and Jeremiah McGhee]
6. Eric Ringger, Marc Carmen, Robbie Haertel, Kevin Seppi, Deryle Lonsdale, Peter McClanahan, James Carroll, Noel Ellison (2008); Assessing the Costs of Machine-Assisted Corpus Annotation Through a User Study; Sixth International Conference on Language Resources and Evaluation (LREC 2008), Palais des congrès Mansour Eddahbi, Marrakech, Morocco, May 2008 [co-authors: Eric Ringger, Marc Carmen, Robbie Haertel, Kevin Seppi, Peter McClanahan, James Carroll, Noel Ellison]
7. Analogical modeling of language; 19th European Summer School in Logic, Language, and Information (ESSLLI 2007), Workshop on Exemplar-based Models of Language Modeling and Use; Trinity College, Dublin, Ireland; August 2007. [co-author: David Eddington]
8. Updating and Analyzing Father Chirouse's Snohomish Word List, 42nd International Conference on Salish and Neighbouring Languages; University of British Columbia, Okanagan campus; Kelowna, BC, Canada; July 2007.
9. Learning to Recognize Vervet Monkey Calls; LACUS 2007; Eastern Kentucky University, Richmond,

- KY; July 2007. [*co-author: Jeremiah McGhee*]
10. Stylized Animal Speech from Ancient and Modern Settings; LACUS 2007; Eastern Kentucky University, Richmond, KY; July 2007.
  11. A Computational Perspective on Syriac Corpus Development and Annotation; XIXth Congress of the International Organization for the Study of the Old Testament (IOSOT); University of Ljubljana, Ljubljana, Slovenia; July 2007. [*co-authors: Kristian Heal, Carl Griffin, Eric Ringger, Peter McClanahan, James Carroll, Joshua Heaton, Marc Carmen, George Busby, and Robbie Haertel*]
  12. Active Learning for Part-of-Speech Tagging: Accelerating Corpus Annotation; ACL Linguistic Annotation Workshop; Prague, Czech Republic; June 2007. [*co-authors: Eric Ringger, Peter McClanahan, Robbie Haertel, George Busby, Marc Carmen, James Carroll, and Kevin Seppi*]
  13. Generating Ontologies via Language Components and Ontology Reuse; 12th International Conference on Applications of Natural Language to Information Systems (NLDB-2007); Conservatoire national des arts et métiers, Paris, France; June 2007. [*co-authors: Yihong Ding, David Embley, Martin Hepp, and Li Xu*]
  14. Updating and Analyzing Father Chirouse's Lushootseed Word List, Quinto Congreso Internacional de Lingüística Misionera; UNAM, Mérida, Yucatan, Mexico. March, 2007.
  15. A Cognitive Robotics Approach to Comprehending Human Language and Behaviors. 2nd ACM/IEEE International Conference on Human-Robot Interaction, Arlington, VA. March, 2007. [*co-authors: Paul Benjamin and Damian Lyons*]
  16. The Use of Speech Technologies in Developing Communicative Learning Activities, 15th International Symposium and Book Fair on English Teaching; Taipei, Taiwan. November, 2006. [*co-authors: C. Ray Graham and Jeremiah McGhee*]
  17. Embodying a Cognitive Model in a Mobile Robot; International Society for Optical Engineering (SPIE) Conference on Intelligent Robots and Computer Vision XXIV: Algorithms, Techniques, and Active Vision Session on Visualization, Modeling, and Human Interaction in Intelligent Robots, Boston, MA. October, 2006. [*co-authors: D. Paul Benjamin and Damian Lyons*] [invited paper]
  18. Unifying language modeling capabilities for flexible interaction; Workshop Dialogue on Dialogue, International Conference on Spoken Language Processing; Pittsburgh, PA. September 2006. [*co-author: Rebecca Madsen*]
  19. Exploring Lushootseed morphology and syntax. 41st International Conference on Salish and Neighbouring Languages; University of Victoria, Victoria, BC, Canada. August 2006.
  20. Learning in minimalism-based language modeling; 28th Annual Conference of the Cognitive Science Society; Vancouver, BC, Canada. July 2006.
  21. Modeling Russian verbs of motion: an analogical account; Proceedings of the 28th Annual Conference of the Cognitive Science Society; Vancouver, BC, Canada. July 2006. [*co-author: Inna Danielyan Dodge*]
  22. Formulating queries for assessing clinical trial eligibility; 11th International Conference on Applications of Natural Language to Information Systems; Alpen-Adria University, Klagenfurt, Austria. June 2006. [*co-authors: Clint Tustison, Craig Parker, David W. Embley*]
  23. A link grammar parser for Lushootseed; 40th International Conference on Salish and Neighboring Languages; Musqueam Nation; Vancouver, BC, Canada. August 2005.
  24. Interactive task-based CALL; Foreign Language Education And Technology Conference (FLEAT-5), Brigham Young University, UT, August 2005 [*co-authors: Ray Graham and the BYU PSST Research Group*]
  25. Natural Language Generation and the Use of Relational Information; Linguistics Association of Canada and the U.S., Dartmouth College, Hanover, NH; August 2005.
  26. A link grammar parser for Persian. First International Conference on Aspects of Iranian Linguistics; Max Planck Institute for Evolutionary Anthropology, Leipzig, Germany; June 2005. [*co-author: Jon Dehdari*]
  27. Results in modeling SI from a cognitive perspective. Journée d'étude: Aspects cognitifs de

- l'interprétation simultanée (Workshop on Cognitive Aspects of Simultaneous Interpreting); Université de Toulouse-Le Mirail, Toulouse, France, May 2005.
28. The effects of average  $F_0$  and variance of  $F_0$  on male vocal attractiveness to females. First International Pacific Voice & Speech Foundation / PIXAR Animation Studios Conference on Voice Quality; Emeryville, CA, March 2005. [co-authors: David Riding and Bruce Brown]
  29. Structured glossing of Lushootseed text. 39th International Conference on Salish and Neighboring Languages; Squamish Nation; Vancouver, BC, Canada. August 2004.
  30. ADAPT: A Cognitive Architecture for Robotics. International Conference on Conceptual Modeling, Carnegie Mellon University, Pittsburgh, PA, July 2004. [co-authors: David Benjamin, Damian Lyons]
  31. Combining learning approaches for incremental on-line parsing. International Conference on Conceptual Modeling, Carnegie Mellon University, Pittsburgh, PA, July 2004. [co-author: Michael Manookin]
  32. Integrating Perception, Language and Problem Solving in a Cognitive Agent for a Mobile Robot. International Conference on Autonomous Agents and Multiagent Systems (AAMAS), Columbia University, New York City, NY, July 2004. [co-authors: David Benjamin, Deryle Lonsdale, Damian Lyons]
  33. On-line ambiguity resolution, memory, and learning: A cognitive modeling perspective. Fourth International Conference on the Mental Lexicon; Windsor, Canada, July 2004. [co-authors: Jarren Bodily, Jamison Cooper-Leavitt, Rudy Smith, Michael Manookin]
  34. Expanding Tree Adjoining Grammar to create Junction Grammar trees; Seventh International Workshop on Tree Adjoining Grammars and Related Frameworks; Simon Fraser University, Vancouver, BC, Canada, May 2004. [co-author: Ron Millett]
  35. A two-level morphology engine for Western Armenian; Seventh International Conference on Armenian Linguistics/First International Conference on Modern Western Armenian; Ann Arbor, MI, October 2003. [co-author: Inna Danielyan]
  36. A memory-based approach to Cantonese tone recognition; 8th European Conference on Speech Communication and Technology (EuroSpeech); Geneva, Switzerland, September 2003. [co-author: Michael Emonts]
  37. Doing Lushootseed morphology by analogy. 38th International Conference on Salish and Neighboring Languages; Upper St'át'imc Nation; Lillooet, BC, Canada. August 2003.
  38. Modeling Stress in Salish Languages, Linguistic Association of Canada and the United States, University of Victoria, BC, Canada, August 2003.
  39. Automated Rating of ESL Essays, Workshop on Building Educational Applications with Natural Language Processing, Joint Conference on Human Language Technologies / North American Association for Computational Linguistics, Edmonton, Canada. May 2003. [co-author: Diane Strong-Krause]
  40. Interactive technologies and speech-based language learning, WorldCALL, Banff, Canada, May 2003. [co-authors: Clint Tustison, Ray Graham]
  41. Two-level Engines for Salish Morphology, European Association for Computational Linguistics, Workshop on Finite-State Methods in Natural Language Processing, Budapest, April 2003.
  42. Analogical Modeling: Background, theory, algorithm, and applications; Workshop on Statistical Language Processing; University of Bergen, Norway; September/October 2002. [invited lecture series]
  43. A Categorical Grammar fragment for Lushootseed; 37th International Conference on Salish and Neighboring Languages; Western Washington University, Bellingham, WA; August 2002.
  44. An analogical model for Vedic cantillation; LACUS 2002; Toledo, OH; August 2002.
  45. A niche at the nexus: Situating an NLP curriculum interdisciplinarily; ACL 2002; Philadelphia, PA; July 2002.
  46. Peppering knowledge sources with SALT: Boosting conceptual content for ontology generation; AAI 2002; Edmonton, AB, Canada; July 2002.
  47. Automated Rating of ESL Essays; TESOL 2002; Salt Lake City, UT; April 2002. [co-author: Diane

*Strong-Krause]*

48. An Operator-based Account of Semantic Processing; European Summer School for Logic, Language, and Information; University of Helsinki, Finland; August 2001. [*co-author: C. Anton Rytting*]
49. A Two-level Implementation for Lushootseed Morphology; 36th International Conference on Salish and Neighboring Languages; Sto:lo Nation, Chilliwack, BC, Canada; August 2001.
50. Integrating WordNet with NL-Soar; NAACL Workshop on WordNet, Carnegie Mellon, Pittsburgh, PA; June 2001. [*co-author: C. Anton Rytting*]
51. An Operator-based Integration of Comprehension and Production, Linguistic Association of Canada and the United States; Rice University, Houston, TX; July 2000.
52. An Autosegmental Analysis of Cantonese Tone Sandhi; Twelfth North American Conference on Chinese Linguistics; San Diego State University; San Diego, CA, June 2000. [*co-author: Julia Kit-Ching Ho*]
53. Leveraging Analysis Operators in Incremental Generation, Workshop on Analysis for Generation, International Conference on Natural Language Generation, Mitzpe Ramon, Israel, June 2000.
54. Analogical Cloning and other NLP Applications of AML; Analogical Modeling of Language Conference; BYU, Provo UT; March 2000.
55. AML Datasets Tutorial Session; Analogical Modeling of Language Conference; BYU, Provo UT; March 2000.
56. An Architecture for Modeling Language Use; International Congress on Trends in Second Language Teaching and Learning; Carleton University, Ottawa, Canada; May 1998.
57. A Cognitive Account of Simultaneous Interpretation; International Workshop on Interpretation Research; Ascona, Switzerland; January 1997. (invited presentation)
58. Large-scale Machine Translation: An Interlingua Approach; Seventh International Conference on Industrial and Engineering Applications of Artificial Intelligence and Expert Systems; Austin, TX; June 1994. [*co-authors: A. Franz and J. Leavitt*]
59. Extraction d'un vocabulaire bilingue: outils et méthodes; Troisièmes Journées scientifiques: Lexicologie, Terminologie, Traduction; Université de Montréal, Montréal, Canada; October 1993.
60. A Rationale for Interactive Translation; British Computer Society Conference; Cranfield Institute of Technology, Cranfield, England; 1984.

National

1. Another Telling of "The Seal Hunters"; Conference on Endangered Languages and Cultures of Native America (CELCNA 2009); University of Utah, Salt Lake City, UT, March 2009.
2. Methods of Scoring Elicited Imitation Items: an Empirical Study; American Association for Applied Linguistics (AAAL 2009); Denver, CO; March 2009. [*co-authors: Dan P. Dewey, Jeremiah McGhee, Aaron Johnson, and Ross Hendrickson*].
3. Improving Automated Oral Testing: Identifying Features and Enhancing Speech Recognition; CALICO Pre-Conference Workshop on Automatic Analysis of Learner Language (AALL '09); Arizona State University, Phoenix, AZ; March 2009. [*co-authors: Jeremiah McGhee, Aaron Johnson, Ross Hendrickson, Meghan Eckerson, Malena Weize, Ben Millard, Ray Graham, and Dan Dewey*]
4. The Use of NLP Technologies to Engineer Oral Proficiency Test Items; CALICO Pre-Conference Workshop on Automatic Analysis of Learner Language (AALL '09); Arizona State University, Phoenix, AZ; March 2009. [*co-author: Ross Hendrickson*]
5. LG-Soar and (X)NL-Soar revisited; Twenty-eighth Soar Conference; University of Michigan, Ann Arbor, MI; May 2008.
6. Forced Alignment for a Morphologically Rich Endangered Language; Conference on Endangered Languages and Cultures of Native America (CELCNA 2008); University of Utah, Salt Lake City, UT,

March 2008.

7. Scoring an Oral Language Test Using Automatic Speech Recognition; Workshop on Automatic Analysis of Learner Language, CALICO with IALLT 2008, San Francisco, CA. March 2008. [*co-authors: Ray Graham, Casey Kennington, Aaron Johnson, and Jeremiah McGhee*]
8. Compiling and Annotating a Corpus for Syriac; American Association for Corpus Linguistics 2008; Brigham Young University, Provo, UT. March 2008. [*co-authors: Kristian Heal, Carl Griffin, Eric Ringger, Peter McClanahan, Marc Carmen, James Carroll, and Joshua Heaton*]
9. Accelerating Corpus Annotation through Active Learning; American Association for Corpus Linguistics 2008; Brigham Young University, Provo, UT. March 2008. [*co-authors: Eric Ringger, et al.*]
10. Developing a Corpus for a Morphologically Rich, Endangered Language; American Association for Corpus Linguistics 2008; Brigham Young University, Provo, UT. March 2008. [*co-author: Dawn Bates*]
11. Compiling a new French frequency dictionary, American Association for Corpus Linguistics 2008; Brigham Young University, Provo, UT. March 2008. [*co-authors: Yvon Le Bras, Amy Berglund, and Fritz Abélard*].
12. Automated Scoring of ESL Essays using Linguistic Maturity Variables; CALICO conference 2007; Texas State University, San Marcos, TX. May 2007. [*co-author: Ron Millett*]
13. Update on NL-Soar and XNL-Soar; Twenty-seventh Soar Conference; University of Michigan, Ann Arbor, MI; May 2007.
14. Segmental phonemes compared to acoustical supra-segmental properties as mediators of dialectal differences in the pronunciation of Farsi names. American Name Society, Linguistic Society of America, Anaheim, CA, January 2007. [*co-authors: Bruce Brown, Hooshang Farahnakian, Mary Farahnakian, David Gardner, Matthew Spackman*]
15. Developing a Cognitive Architecture to be Embedded in the Physical World. SISO Conference on Behavior Representation in Modeling and Simulation (BRIMS); Baltimore, MD. May 2006. [*co-authors: D. Paul Benjamin and Damian Lyons*]
16. Update on Soar-based language processing. Twenty-sixth Soar Conference; University of Michigan, Ann Arbor, MI; May 2006.
17. Building a morphosyntactic database. Second Conference on Endangered Languages and Cultures of Native America 2006, University of Utah, UT. April 2006.
18. An incremental minimalist parser; 19th Annual CUNY Conference on Human Sentence Processing; CUNY Graduate Center, New York, NY, March 2006. [*co-authors: Jamison Cooper-Leavitt, Warren Casbeer, Rebecca Madsen & LaReina Hingson*]
19. A link grammar parser for Arabic; 20th Annual Symposium on Arabic Linguistics, Western Michigan University, Kalamazoo, MI, March 2006. [*co-authors: Warren Casbeer, Jon Dehdari*]
20. Collateral Anthroponomic Information in Han Chinese Names for the Identification of Geo-location and Gender. American Name Society, Linguistic Society of America, Albuquerque, NM, January 2006. [*co-author: Bruce Brown*]
21. Progress on NL-Soar, and Introducing XNL-Soar; Twenty-fifth Soar Conference; University of Michigan, Ann Arbor, MI; June 2005. [*co-authors: Jamison Cooper-Leavitt and Warren Casbeer*]
22. Deploying Lushootseed lexical resources; Conference on Endangered Languages and Cultures of Native America (CELCNA), University of Utah, Salt Lake City, UT; April 2005. [*co-author: Dawn*

*Bates]*

23. Designing a Robot Cognitive Architecture with Concurrency and Active Perception; Fall Symposium: The Intersection of Cognitive Science and Robotics: From interfaces to intelligence; American Association for Artificial Intelligence; Washington, DC, October 2004. [*co-authors: D. Paul Benjamin and Damian Lyons*]
24. Restructuring morphological output for best practices; E-MELD 2004 workshop on Databases and Best Practice; Detroit, MI; July 2004. [*co-authors: Jarren Bodily, Hans Nelson*]
25. Ongoing work on Soar linguistic applications; Twenty-fourth Soar Conference; University of Michigan, Ann Arbor, MI; June 2004.
26. Generating Medical Logic Modules for Clinical Trial Eligibility; American Medical Informatics Association Symposium; Washington, DC; November 2003. [*co-authors: Craig Parker, David Embley, Clint Tustison*]
27. NL-Soar Tutorial: Twenty-third Soar Conference; University of Michigan, Ann Arbor, MI; June 2003. [*co-author: Michael Manookin*]
28. NL-Soar Update; Twenty-third Soar Conference; University of Michigan, Ann Arbor, MI; June 2003.
29. Memory-based recognition of Cantonese syllables, North American Conference on Chinese Linguistics, East Lansing, MI. July 2003. [*co-author: Michael Emonts*]
30. Type-logical semantics for Salish, Workshop on American Indian Languages, UC Santa Barbara, CA, April 2003.
31. NL-Soar and LG-Soar: ongoing work; The Twenty-second Soar Conference; University of Michigan, Ann Arbor, MI; June 2002.
32. LG-Soar: Parsing for Information; The Twenty-first Soar Conference; University of Michigan, Ann Arbor, MI; May 2001. [*co-authors: Merrill Hutchison, Tim Richards, William Taysom*]
33. Information Structure and Hypertext Search Results; Information Doors---Workshop on Where Information Search and Hypertext Link, Association for Computing Machinery Hypertext and Digital Libraries Conferences; San Antonio, TX; May 2000. [*co-author: Matt Carmack*]
34. Integrating WordNet with NL-Soar; The Twentieth Soar Conference; USC Information Sciences Institute, Marina del Rey, CA, May 2000.
35. Analogical Modeling of Language in Soar; The Nineteenth Soar Conference; University of Michigan, Ann Arbor, MI; May 1999.
36. Modeling the SI Task; The Eighteenth Soar Conference; Vienna, VA; June 1998.
37. NL-Soar Generation Update; The Seventeenth Soar Conference; The Ohio State University, Columbus, OH; June 1997.
38. Cognitive Modelling of Simultaneous Interpretation; Colloque étudiant de linguistique informatique de Montréal; Université de Montréal, Montréal, QUE; June 1996.
39. Modelling Cognition in Simultaneous Interpretation; Conference of the Canadian Association for Applied Linguistics (CAAL/ACLA); University of Western Ontario, London, ONT; May 1996.
40. Generation and NL-Soar; The Fifteenth Soar Conference; Carnegie Mellon University, Pittsburgh, PA; September 1995.

Local/Regional

1. Domain-Independent Data Extraction: Person Names; 9th Annual Family History Technology Workshop; BYU; Provo, UT, March 2009. [*co-author: Carl Christensen*]
2. A new canoe: Preserving and documenting Lushootseed; Tulalip Tribes; Tulalip Reservation; Marysville, WA, April 2008. [*co-author: Dawn Bates*]
3. A new canoe: Preserving and documenting an endangered Salish language; Department of Linguistics Research Lecture Series; BYU; Provo, UT, January 2008.
4. Research on Elicited Imitation as an Oral Language Proficiency Measure; Department of Linguistics Research Lecture Series; BYU, Provo, UT, October 2007. [*co-presenters: C. Ray Graham, Casey*]

*Kennington, Aaron Johnson, and Jeremiah McGhee]*

5. Raven and Little Mink; College of Humanities Foreign Language Theatre Festival; BYU, Provo, UT, March 2007.
6. Only a Change of Worlds; College of Humanities Foreign Language Theatre Festival; BYU, Provo, UT, March 2007. [co-presenter: Emily Burnworth] [2 performances]
7. A Cross Cultural Comparison of Four Generations of American, Brazilian, French, and German Male and Female First Names Categorized According to Gender, Decade of Birth and Geo-Location of Birth; 7th Annual Workshop on Technology for Family History and Genealogical Research; BYU; Provo, UT, March 2007. [co-authors: Michael Jenkins, Tristan Roney, James Wuehler, Scott Irwin, Beate Kehl, Jessica Hancock, Leslie Koenen, Matthew Spackman, and Bruce Brown]
8. Some Notes on Ethics and Linguistics; BYU Philosophy Club; Provo, UT, February 2007.
9. Exploring syllables, Romanization, and analogy in names; Family History Technology Workshop; BYU; Provo, UT, March 2006. [also an invited panelist]
10. Assessing geo-location and gender information in Han Chinese personal names; Family History Technology Workshop; BYU; Provo, UT, March 2006. [co-author: Bruce Brown]
11. Language Recognition Using Enhanced Linguistic Features as Knowledge Sources; Deseret Language and Linguistics Society Symposium; BYU; Provo, UT, March 2006. [co-authors: Robbie Haertel, Nathan Ekstrom, Eric Ringger]
12. Russian Verbs of Motion: An Analogical Modeling Approach; Deseret Language and Linguistics Society Symposium; BYU; Provo, UT, March 2006. [co-author: Inna Dodge]
13. XNL-Soar, incremental parsing, and the Minimalist Program; Deseret Language and Linguistics Society Symposium; BYU; Provo, UT, March 2006. [co-authors: LaReina Hingson, Jamison Cooper-Leavitt, Warren Casbeer, and Rebecca Madsen]
14. Concepts, ontologies, and Project TANGO; Instructional Psychology and Technology Seminar; BYU, Provo, UT, February 2006.
15. Concepts, ontologies, and Project TANGO; College of Humanities Center for Language Studies Colloquium Series; BYU, Provo, UT, October 2005.
16. Transcription, transliteration, transduction, and translation: a typology of crosslinguistic name representation strategies; Fifth Family History Technology Workshop; Brigham Young University, Provo, UT, March 2005.
17. Enhancing CALL with speech technology; Deseret Language and Linguistics Society Symposium; BYU, Provo, UT, March 2005. [co-authors: Ben Chatterton, Eric Roundy, Rebecca Madsen, Robbie Haertel, C. Ray Graham]
18. Unveiling XNL-Soar: Minimalism and incremental parsing; Deseret Language and Linguistics Society Symposium; BYU, Provo, UT, March 2005. [co-authors: Rebecca Madsen, Sandra Sommers, Warren Casbeer, LaReina Hingson, and Jamison Cooper-Leavitt]
19. Leaves, links, and lambdas: leveraging low-level linguistics; Arizona State University, September 2004. [invited lecture]
20. An intelligent architecture for French language processing; Deseret Language and Linguistics Society Symposium; BYU, Provo, UT, March 2004
21. Two-level finite-state processing for Western Armenian morphology; Deseret Language and Linguistics Society Symposium; BYU, Provo, UT, March 2004 [co-author: Inna Danielyan]
22. Word Sense Disambiguation; College of Humanities Center for Language Studies Colloquium Series; BYU, Provo, UT, February 2004.
23. Church Basic English; Church Office Building, Salt Lake City, UT, December 2003. [co-authors: Gerrit Gong, Mark Davies, and Dee Gardner]

24. Speech Processing Technology in Language Pedagogy; College of Humanities Fair; BYU, Provo, UT, August 2003. [*co-authors: Ray Graham and Clint Tustison*]
25. Language-independent named entity recognition and analogical modeling; 3rd Workshop on Technology for Family History and Genealogical Research; BYU, Provo, UT, April 2003. [*co-author: Deryl Hatch*]
26. NL-Soar: modeling language use; College of Humanities Center for Language Studies Colloquium Series; BYU, Provo, UT, March 2003. [*co-authors: Thomas Packer, Mike Manookin, Jarren Bodily, Clint Tustison*]
27. The BYU Salish engines project; Deseret Language and Linguistics Society Symposium; BYU, Provo, UT, March 2003.
28. Ontologically-based searching for jobs in linguistics; Deseret Language and Linguistics Society Symposium; BYU, Provo, UT, March 2003.
29. Task-oriented, goal-directed interactive CALL activities; Deseret Language and Linguistics Society Symposium; BYU, Provo, UT, March 2003. [*co-authors: Ray Graham, Aaron Jensen, Clint Tustison*]
30. The BYU NL-Soar project; Deseret Language and Linguistics Society Symposium; BYU, Provo, UT, March 2003. [*co-authors: Jason Smith, Aaron Jensen, Jarren Bodily, Clint Tustison, Merrill Hutchison*]
31. NL-Soar and modeling language use; College of Humanities Fair; BYU, Provo, UT, August 2002. [*co-authors: Nick Stetich and Clint Tustison*]
32. What is linguistics? The core areas and applications; LDS Church Translation Department Seminar; BYU, Provo, UT, May 2002.
33. An interactive natural-language genealogy quiz engine; 2nd Workshop on Technology for Family History and Genealogical Research; BYU, Provo, UT, April 2002. [*co-authors: Aric Bills, Rebecca Rees, Merrill Hutchison, Clint Tustison, Nick Stetich, Mike Manookin, Hans Nelson*]
34. Interactive language-learning activities with animated agent and speech technologies; College of Humanities Center for Language Studies Colloquium Series; BYU, Provo, UT, March 2002. [*co-authors: Ray Graham, Aric Bills, Rebecca Rees, Michael Rushforth, Clint Tustison, Jon Dehdari*]
35. Linguistics Conference Presentations; BYU Linguistics Graduate Student Association lecture; Provo, UT, February 2002.
36. Deryle Lonsdale (2001). Linguistics for Non-linguists; LDS Church Translation Department Seminar; BYU, Provo, UT, September 2001.
37. Speech Technology-Enhanced Language Pedagogy; University Conference Scholarship Showcase; BYU, Provo, UT, August 2001. [*co-author: Ray Graham*]
38. Natural Language Generation; College of Humanities Center for Language Studies Colloquium Series; BYU, Provo, UT, April 2001.
39. An Integrated System for Processing Information from Genealogical Text; Workshop on Technology for Family History and Genealogical Research; BYU, Provo, UT, March 2001. [*co-authors: Merrill Hutchison, Tim Richards, William Taysom*]
40. A Speech Interface to Genealogical Data; Workshop on Technology for Family History and Genealogical Research; BYU, Provo, UT, March 2001.
41. An NLP System for Extracting and Representing Knowledge from Abbreviated Text; Deseret Language and Linguistics Society Symposium; BYU, Provo, UT, March 2001. [*co-authors: Merrill Hutchison, Tim Richards, William Taysom*]
42. Improving Speech Recognition for a Communicative CALL Task; Deseret Language and Linguistics Society Symposium; BYU, Provo, UT, March 2001. [*co-authors: Mike Emonts, Michael Rushforth, Ray Graham*]
43. Recent Advances in Analogical Cloning; Deseret Language and Linguistics Society Symposium; BYU, Provo, UT, March 2001.
44. A Morphological Engine for Lushootseed; Deseret Language and Linguistics Society Symposium; BYU, Provo, UT, March 2001.

45. Finding Funding (or: How to Get Paid to Do all this Fun Stuff); BYU Linguistics Graduate Student Association lecture, Provo, UT, December 2000.
46. Natural Language Processing at BYU; Annual College of Humanities Fair; BYU, Provo, UT; August 2000.
47. NL-Soar: Modeling Language Use; Deseret Language and Linguistics Society Symposium; BYU, Provo, UT, April 2000.
48. Not Sharply Pointed: the Lushootseed Language; World Languages Week; BYU, Provo UT; March 2000.
49. NLP at BYU; College of Humanities Center for Language Studies Colloquium Series; BYU, Provo, UT, November 1999.
50. Some NLP Applications of Analogical Modeling; Deseret Language and Linguistics Symposium; BYU, Provo, UT; February 1999.
51. Beyond All Description: Affectivity and Superlatives; Deseret Language and Linguistics Symposium; BYU, Provo, UT; February 1999.
52. Who is "him"? Resolving discourse referents; Deseret Language and Linguistics Symposium; BYU, Provo, UT, April 1998.
53. A Semantic Account of Superlatives; Formal Language Society of Midamerica VII; The Ohio State University; Columbus, OH; May 1996.
54. Building a KANT Target-language Generation System; Center for Machine Translation Seminar; CMU, Pittsburgh, PA; May 1994.
55. Another Book of Mormon Hebraism? Deseret Language and Linguistics Symposium; BYU, Provo, UT; March 1989.
56. Reaccenting French Text; Deseret Language and Linguistic Symposium; BYU, Provo, UT; 1988.
57. La Traduction Automatique et Automatisée; Congrès de l'Association des Traducteurs et Interprètes de l'Ontario; Ottawa, Canada; 1981.

### **Funded Research and Awards (since 1998)**

1. Developing a computer adaptive speaking test using elicited imitation.  
(received BYU Mentoring Environments Grant)  
2008-2010  
(*co-PI: Ray Graham*)
2. Ludwig-Weber-Siebach Professorship  
College of Humanities  
2007-2011
3. Updating Father Chirouse's Lushootseed Word List  
(BYU Kennedy Center faculty international conference travel grant)  
March 2007
4. Cross-Cultural Comparisons of Name Ontologies  
(received BYU ORCA Mentoring Environment Grant)  
2006-2007  
(*co-PI's: Bruce Brown, Matt Spackman*)
5. Developing an elicited imitation technique.  
(received College of Humanities Mentoring Environment Grant)  
2006-2007  
(*co-PI: Ray Graham*)
6. Table Analysis for Semiautomatic Generation of Ontologies

(received National Science Foundation funding as NSF-CISE-IIS-0414644)

2005-2008

(other PI/co-PI names: *D. W. Embley, Y. Ding, Y. Tijerino, G. Nagy*)

7. Speech Technology and Language Pedagogy Project  
(received BYU Mentoring Environments Grant)  
2004-2005  
(co-PI: *C. Ray Graham*)
8. The Pace Robotics Dialogue Engine  
(received funding from Pace University CS Department)  
2003-2004  
(collaborators: *Paul Benjamin, Rebecca Rees*)
9. The Indonesian Interlinear Glossing Project  
(received Church Translation Department funding)  
2003  
(collaborators: *Dan Higinbotham, Jarren Bodily*)
10. The BYU NL-Soar Project  
(received BYU Mentoring Environments Grant)  
January 2002
11. Target-Based Document-Independent Information Extraction  
(received National Science Foundation funding as CISE-IDM-IIS-0083127)  
April 2001-2005  
(other PI/co-PI names: *D.W. Embley, D.M. Campbell, S.W. Liddle, Y.-K. Ng*)
12. SALT Proposal: Standards-Based Access to Multilingual Lexicons and Terminologies  
(received European Union funding under IST/HLT 3.4.1)  
August 1999  
(other PI/co-PI names: *A. K. Melby, S. E. Wright, G. Budin*)

## Patent

- [U.S. Patent # 5,677,835: Integrated authoring and translation system](#)

## Courses Taught

- Ling 330 Introduction to Linguistics
- Ling 427 Phonology and Morphology
- Ling 430 Theoretical Syntax
- Ling 480 Problems in Translation
- Ling 521 Phonology
- Ling 535 Semantics
- Ling 580R Morphological Theory
- Ling 580R Modeling of Language Use
- Ling 580R Formal Semantics
- Ling 581 / Computer Science 501R Natural Language Processing
- Ling 630 Syntactic Theory
- CHum 387 Programming Humanities Applications 2 (Parsing and grammar engineering)
- CHum 387 Programming Humanities Applications 2 (Speech applications programming)

## Theses and Dissertations Advised

1. Ontology Generation, Information Harvesting and Semantic Annotation over the Hidden Web (Cui Tao) 2008 [*PhD dissertation*]
2. Effects of Lexical Simplification and Elaboration on ESL Readers' Local-level Perceived Comprehension (Beth Brewer) 2008
3. Semantic Role Labeling with Analogical Modeling (Warren Christopher Casbeer) 2008 [*chair*]
4. Automating Mini-Ontology Generation from Canonical Tables (Stephen Lynn) 2008
5. MayanWiki: An Online, Consensus-based Linguistic Corpus of the Mayan Hieroglyphics (Robbie A. Haertel) 2007
6. A Frequency Dictionary of Arabic Newsprint (Stephen C. Mouritsen) 2007
7. Serial Verb Constructions in Hmong: Resultatives and Consequentials (Jamison Cooper-Leavitt) 2006 [*chair*]
8. Generating Paraphrases with Greater Variation Using Syntactic Phrases (Rebecca Madsen) 2006
9. Automatic Holistic Scoring of ESL Essays using Linguistic Maturity Variables (Ronald P. Millett) 2006 [*chair*]
10. Crossing Dependencies in Persian (Jonathan Dehdari) 2006 [*chair*]
11. Oral Non-manual Signals in American Sign Language at the Lexical Level with Emphasis in Onomatopoeia (LaReina Hingson) 2006 [*chair*]
12. Ontology-based Free-form Query Processing for the Semantic Web (Mark Vickers) 2006
13. Russian Verbs of Motion: An Analogical Modeling Approach (Inna Danielyan Dodge) 2006 [*chair*]
14. Surface Realization Using a Featurized Syntactic Statistical Language Model (Thomas L. Packer) 2006
15. Generating Medical Logic Modules for Clinical Trial Eligibility (Craig Gerold Parker) 2005
16. Analogical Modeling of pronunciation: Vowels in English monosyllables (Nathan Rasmussen) 2005 [*BA honors thesis, chair*]
17. The Effects of Lexical Simplification on ESL Learners' Perceived Reading Comprehension (Elizabeth Cramer) 2005
18. Target-Dominant Chinese-English Machine Translation (Dan Su) 2004
19. Logical Form Identification for Medical Clinical Trials (Clint Tustison) 2004 [*chair*]
20. Cebuano Locative and Benefactive Voice Constructions: A Preposition Incorporation Analysis (Jarren Bodily) 2004 [*chair*]
21. A Two-level Engine for Tagalog Morphology and a Structured XML Output for PC-Kimmo (Hans Nelson) 2004 [*chair*]
22. Creating a Spanish Treebank (Michael D. Rushforth) 2003
23. Source Discovery and Schema Mapping for Data Integration (Li Xu) 2003 [*PhD dissertation*]
24. Semiautomatic Generation of Resilient Data-Extraction Ontologies (Yihong Ding) 2003
25. True Oral Interaction in Technology-Assisted Language Learning (Tracy Lyn Woods) 2003
26. Retrieving Information from Tables in Chinese HTML Documents Using a Chinese Query Language (Lihua Zhang) 2002
27. Memory-Based Tone Recognition of Cantonese Syllables (Michael Emonts) 2002 [*chair*]
28. Mapping Target Schemas to Source Schemas using WordNet Hierarchies and Structure Context (David Jackman) 2002
29. Investigating Dialogue Managers: Building and Comparing FSA Models to BDI Architectures, and the Advantages to Modeling Human Cognition in Dialogue (Rebecca Rees) 2002 [*BS honors thesis; chair*]
30. The Effects of Pitch and Intonation on Male Vocal Attractiveness (David Robert Riding) 2002 [*BA honors thesis; referee*]
31. Nauruan Classifiers (Lisa M. Johnson) 2002
32. Effects of Genre on the Reading-Writing Relationship for Second Language Learners (Susan Sheppard Blanco) 2001
33. Motivating Translation Versions: Differences in European and Mexican Spanish (Rosa de la Fuente)

2001

34. Analogical Modeling of Finnish Nominals (Jari Vesterinen) 2000
35. Identification of temporal phrases in natural language (Robert W. Lyon) 2000
36. The Tagalog Prefix *Ma-* as Peircean Firstness of Secondness (Laura L. B. Clarito) 2000
37. Telos in the Poetic Function (Nathan Pomeroy) 2000
38. The Inducement of Student Errors as a Technique for Teaching Exceptions to Grammar Rules (Karina Burgos) 2000
39. Semantic Class Disambiguation in Natural Language Soar (C. Anton Rytting) 2000 [*BA honors thesis, chair*]
40. Retrieving Terminological Information: A structured text approach vs. a relational database approach (Edward M. Watts) 2000
41. One Tonology with Two Approaches: A Traditional Phonological Approach and a New Semiotic Perspective with Evidence from Mandarin (Kit-Ching Julia Ho) 2000 [*chair*]
42. Lexical Stress in Bulgarian (Valentina Vladimirova Brown) 2000 [*chair*]
43. A Sentence Boundary Detection System (Wendy Chen) 2000
44. Technical Information Types: A Peircean Analysis (Matthew E. Carmack) 2000
45. Improving Text Classification by Using Conceptual and Contextual Features (Lee S. Jensen) 2000
46. The Structure of Expressions of Gratitude by Native and Nonnative English Speakers (Wei-ly Liu) 1999
47. A Historical Summary of the Unz Initiative (Marianne Hansen) 1999
48. Suprasegmentals' Impact on Perceived Comprehensibility: A Study Comparing the Effect of Stress, Pausing, and Pitch on Native English Speakers' Perceptions of Nonnative English Speakers' Comprehensibility (Deborah Smith Carlston) 1999
49. An Experiment in Blind Terminology Interchange: Developing and Testing Conversion Algorithms for Externally Supplied Data (Aaron D. Alder) 1998

## Other Professional Activities

- Church Basic English project (*collaborators: Gerrit Gong, Mark Davies, Dee Gardner*).
- Reviewer: External reviewer for faculty rank promotion (2008)
- Program Committee Member: International Conference on Applications of Natural Language to Information Systems (NLDB 2006-2008).
- Board of Directors Member: Linguistic Association of Canada and the United States (2006-2009).
- Board Member, Soar Consortium (2005-2008).
- Reviewer: American Association for Corpus Linguistics (AACL 2008).
- Program Committee Member: Workshop on Technology for Family History and Genealogy (BYU, 2001-2003, 2007-2009).
- Reviewer: Data Knowledge and Engineering (DKE 2008).
- Reviewer: International Conference on Language Resources and Evaluation (LREC, 2008).
- Reviewer: International Conference on Cognitive Modeling (ICCM 2007).
- Reviewer: Journal of Information Systems (2006).
- Reviewer: BYU ORCA Undergraduate Humanities (2006).
- Reviewer: National Science Foundation, Behavioral and Cognitive Sciences (2006, 2007, 2008).
- Reviewer: Human Language Technology / North American Association for Computational Linguistics (HLT/NAACL 2007)
- Reviewer: European Summer School on Logic, Language, and Information (ESSLLI 2005).
- Reviewer: Association for Computational Linguistics (ACL 1996, 2003).
- Reviewer: Terminology and Knowledge Engineering (TKE 2002).
- Reviewer: Fourth International Workshop on the Web and Databases (WebDB 2001).

- Reviewer: Linguistic Association of Canada and the United States, (LACUS 2000, 2002, 2008, 2009).
- Reviewer: 1st International Conference on Web Information Systems Engineering (WISE 2000).
- Conference Organizer: Conference on Analogical Modeling of Language (2000).
- Reviewer: International Workshop on the World-Wide Web and Conceptual Modeling (WWWCM 1999).
- Reviewer: Cognitive Science (1995, 2006-2007) and EuroCogSci (2007).
- Reviewer: Oxford University Press (2007).
- Reviewer: 20th International Conference on Advanced Information Systems Engineering (CAiSE '08).
- Organizer: Soar 15 Workshop (1995).
- Volunteer / session chair: MT Summit (1992), ICSNL (1998), ER (2000), ICASSP (2001), TESOL (2002), LSRL (2004), NLDB (2007), ICSNL (2007), ACL (2008).

## **Works in Progress**

- NL-Soar cognitive modeling system
- Analogical modeling and applications
- Salish language engines for morphological, syntactic, and semantic processing
- Processing of free-text genealogical data
- Ontology matching of terminological and lexical-semantic repositories
- Interactive speech-based language tutoring

## **Other Information**

- Citizenship: Canadian
- Residency: U.S.A. (green card)
